

PACEMAKER

1971

PACEMAKER

NOW IT'S UP TO US

By asking

we found answers.

By searching

we reached goals.

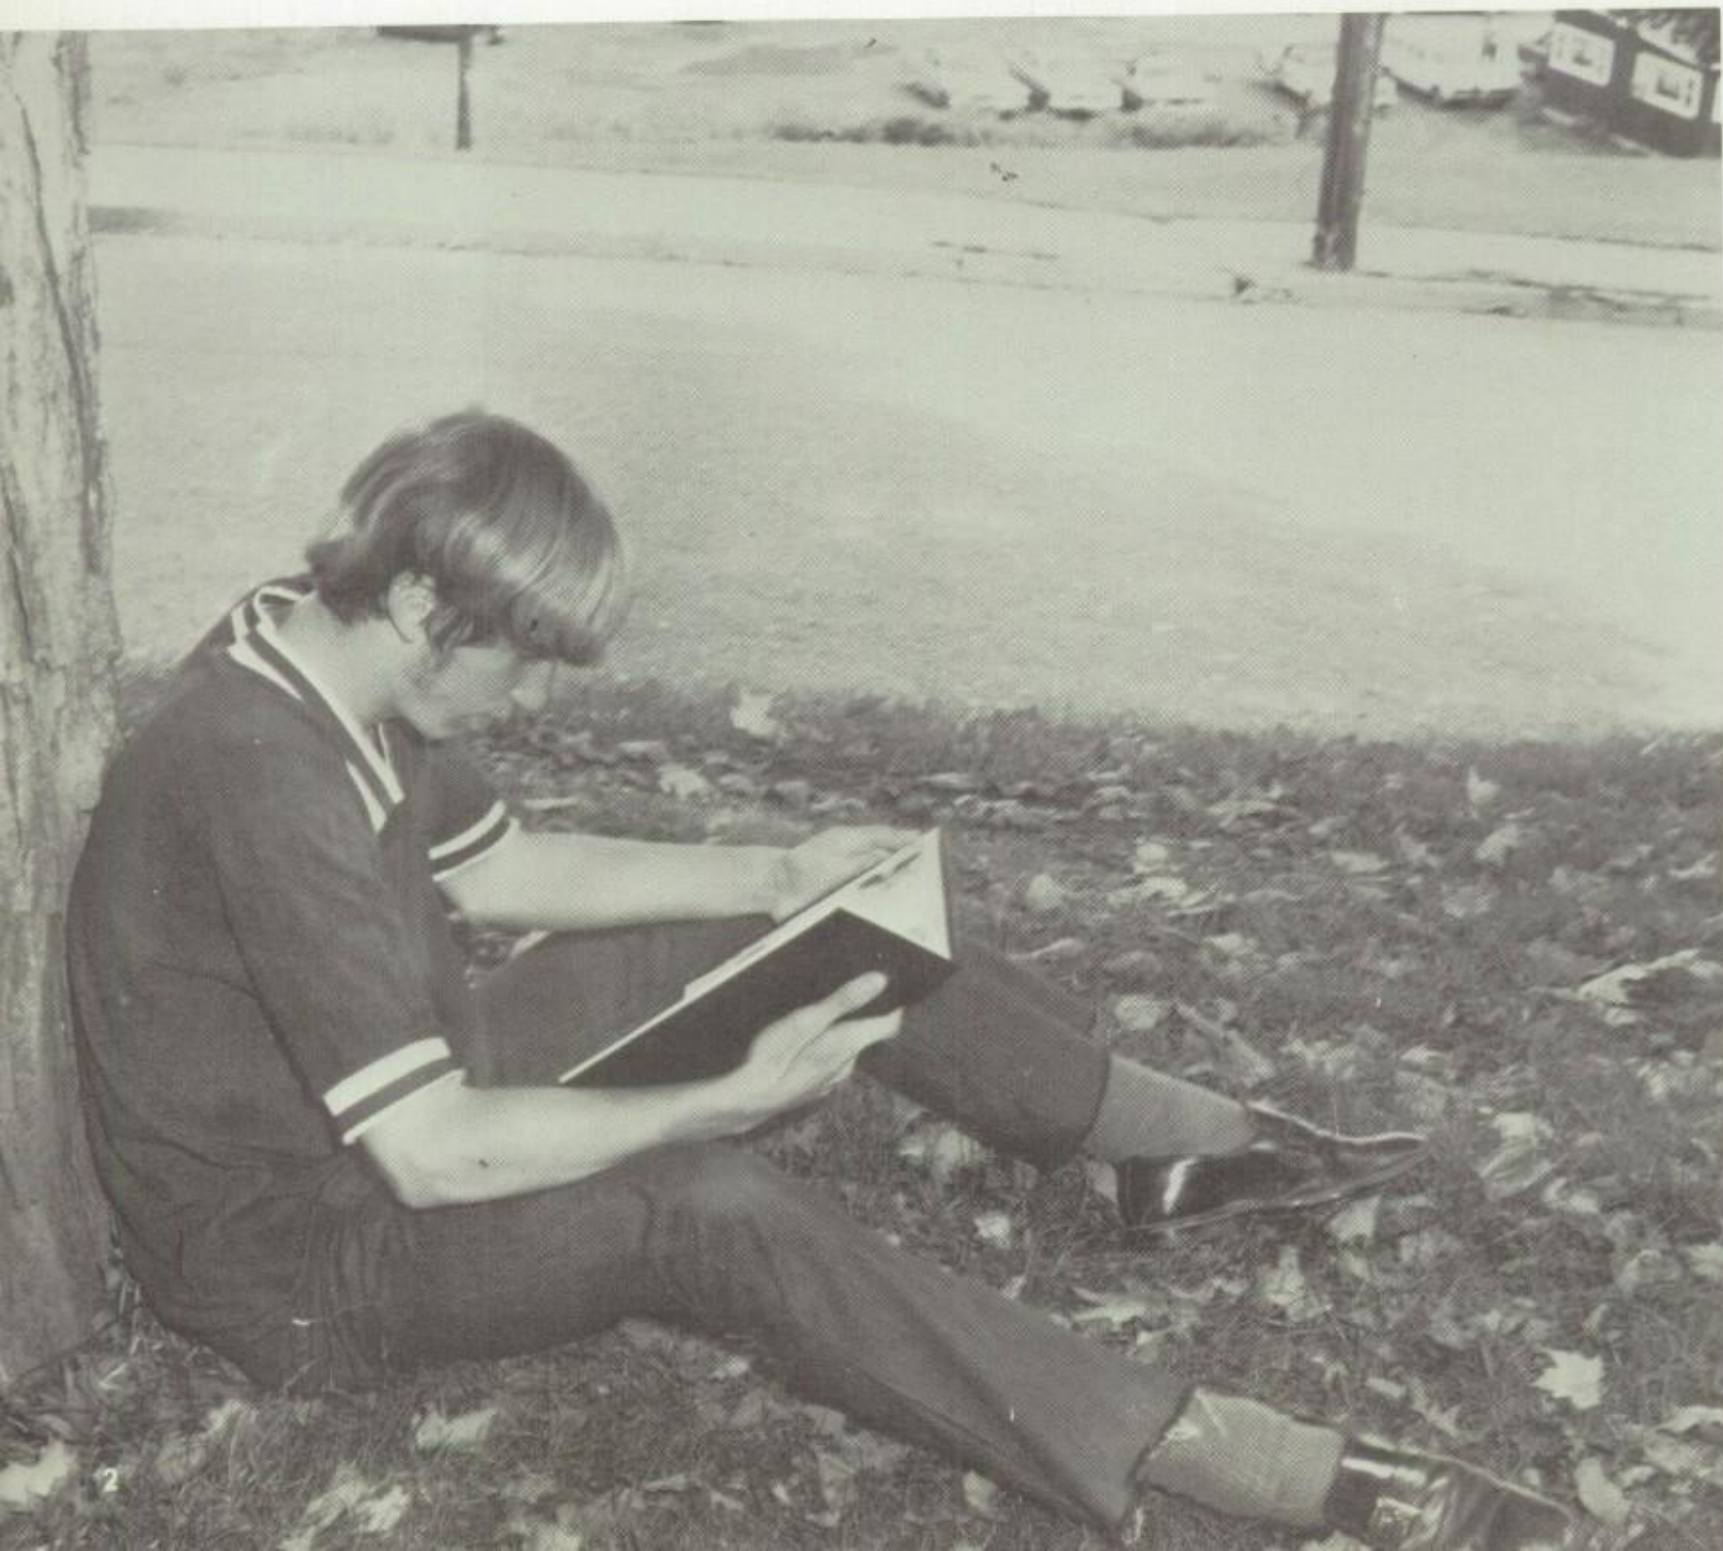

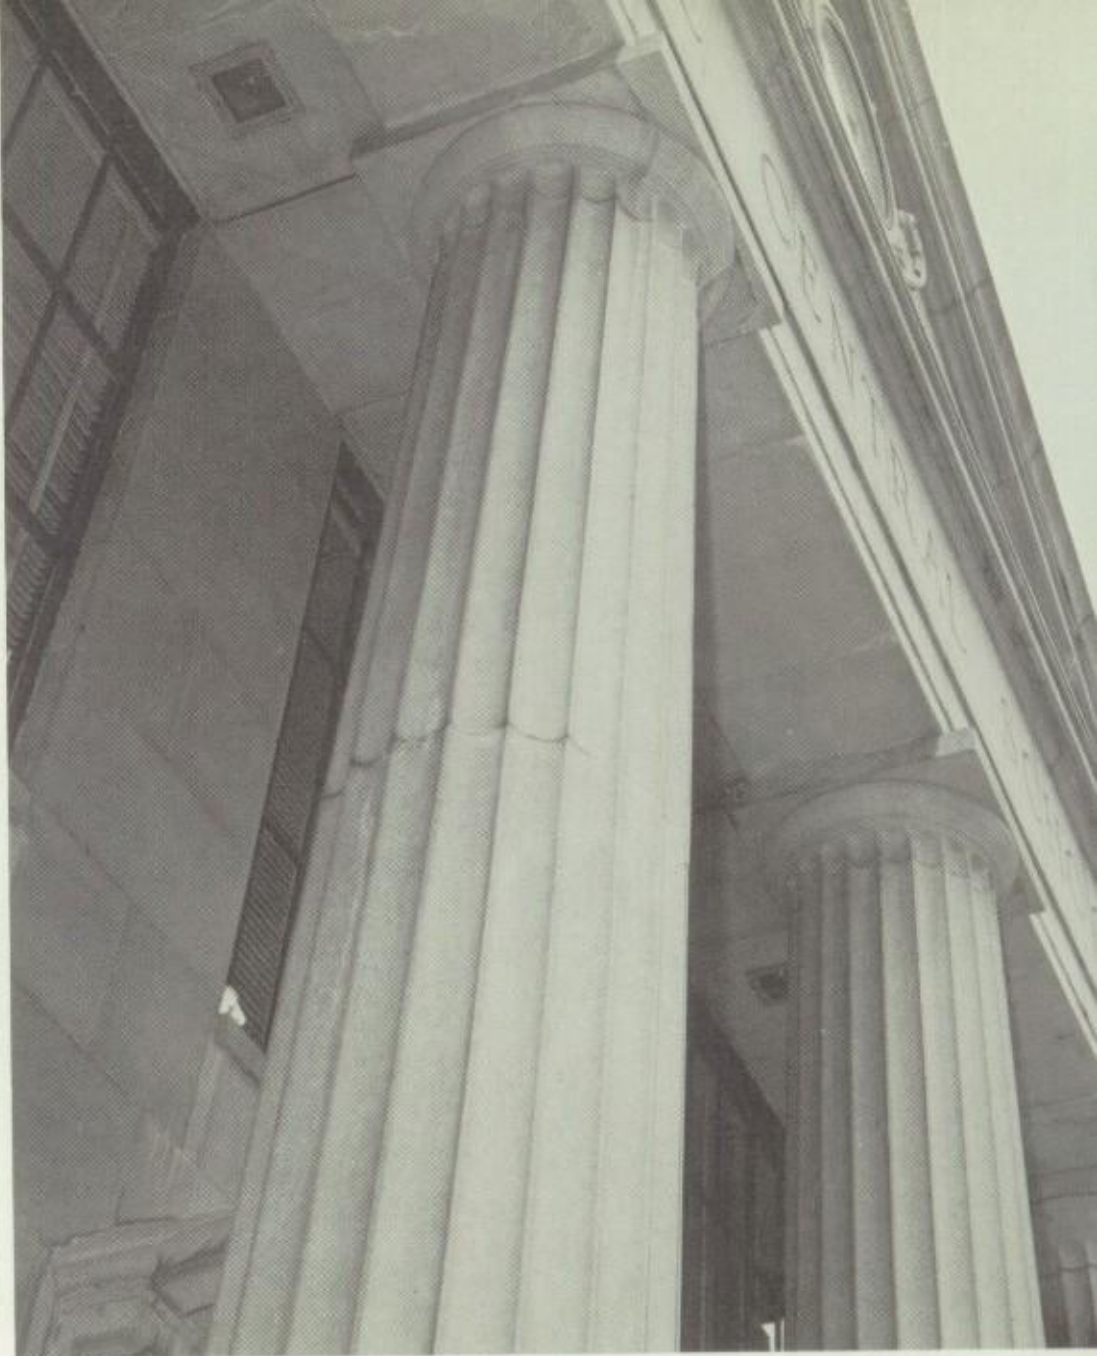

By coming

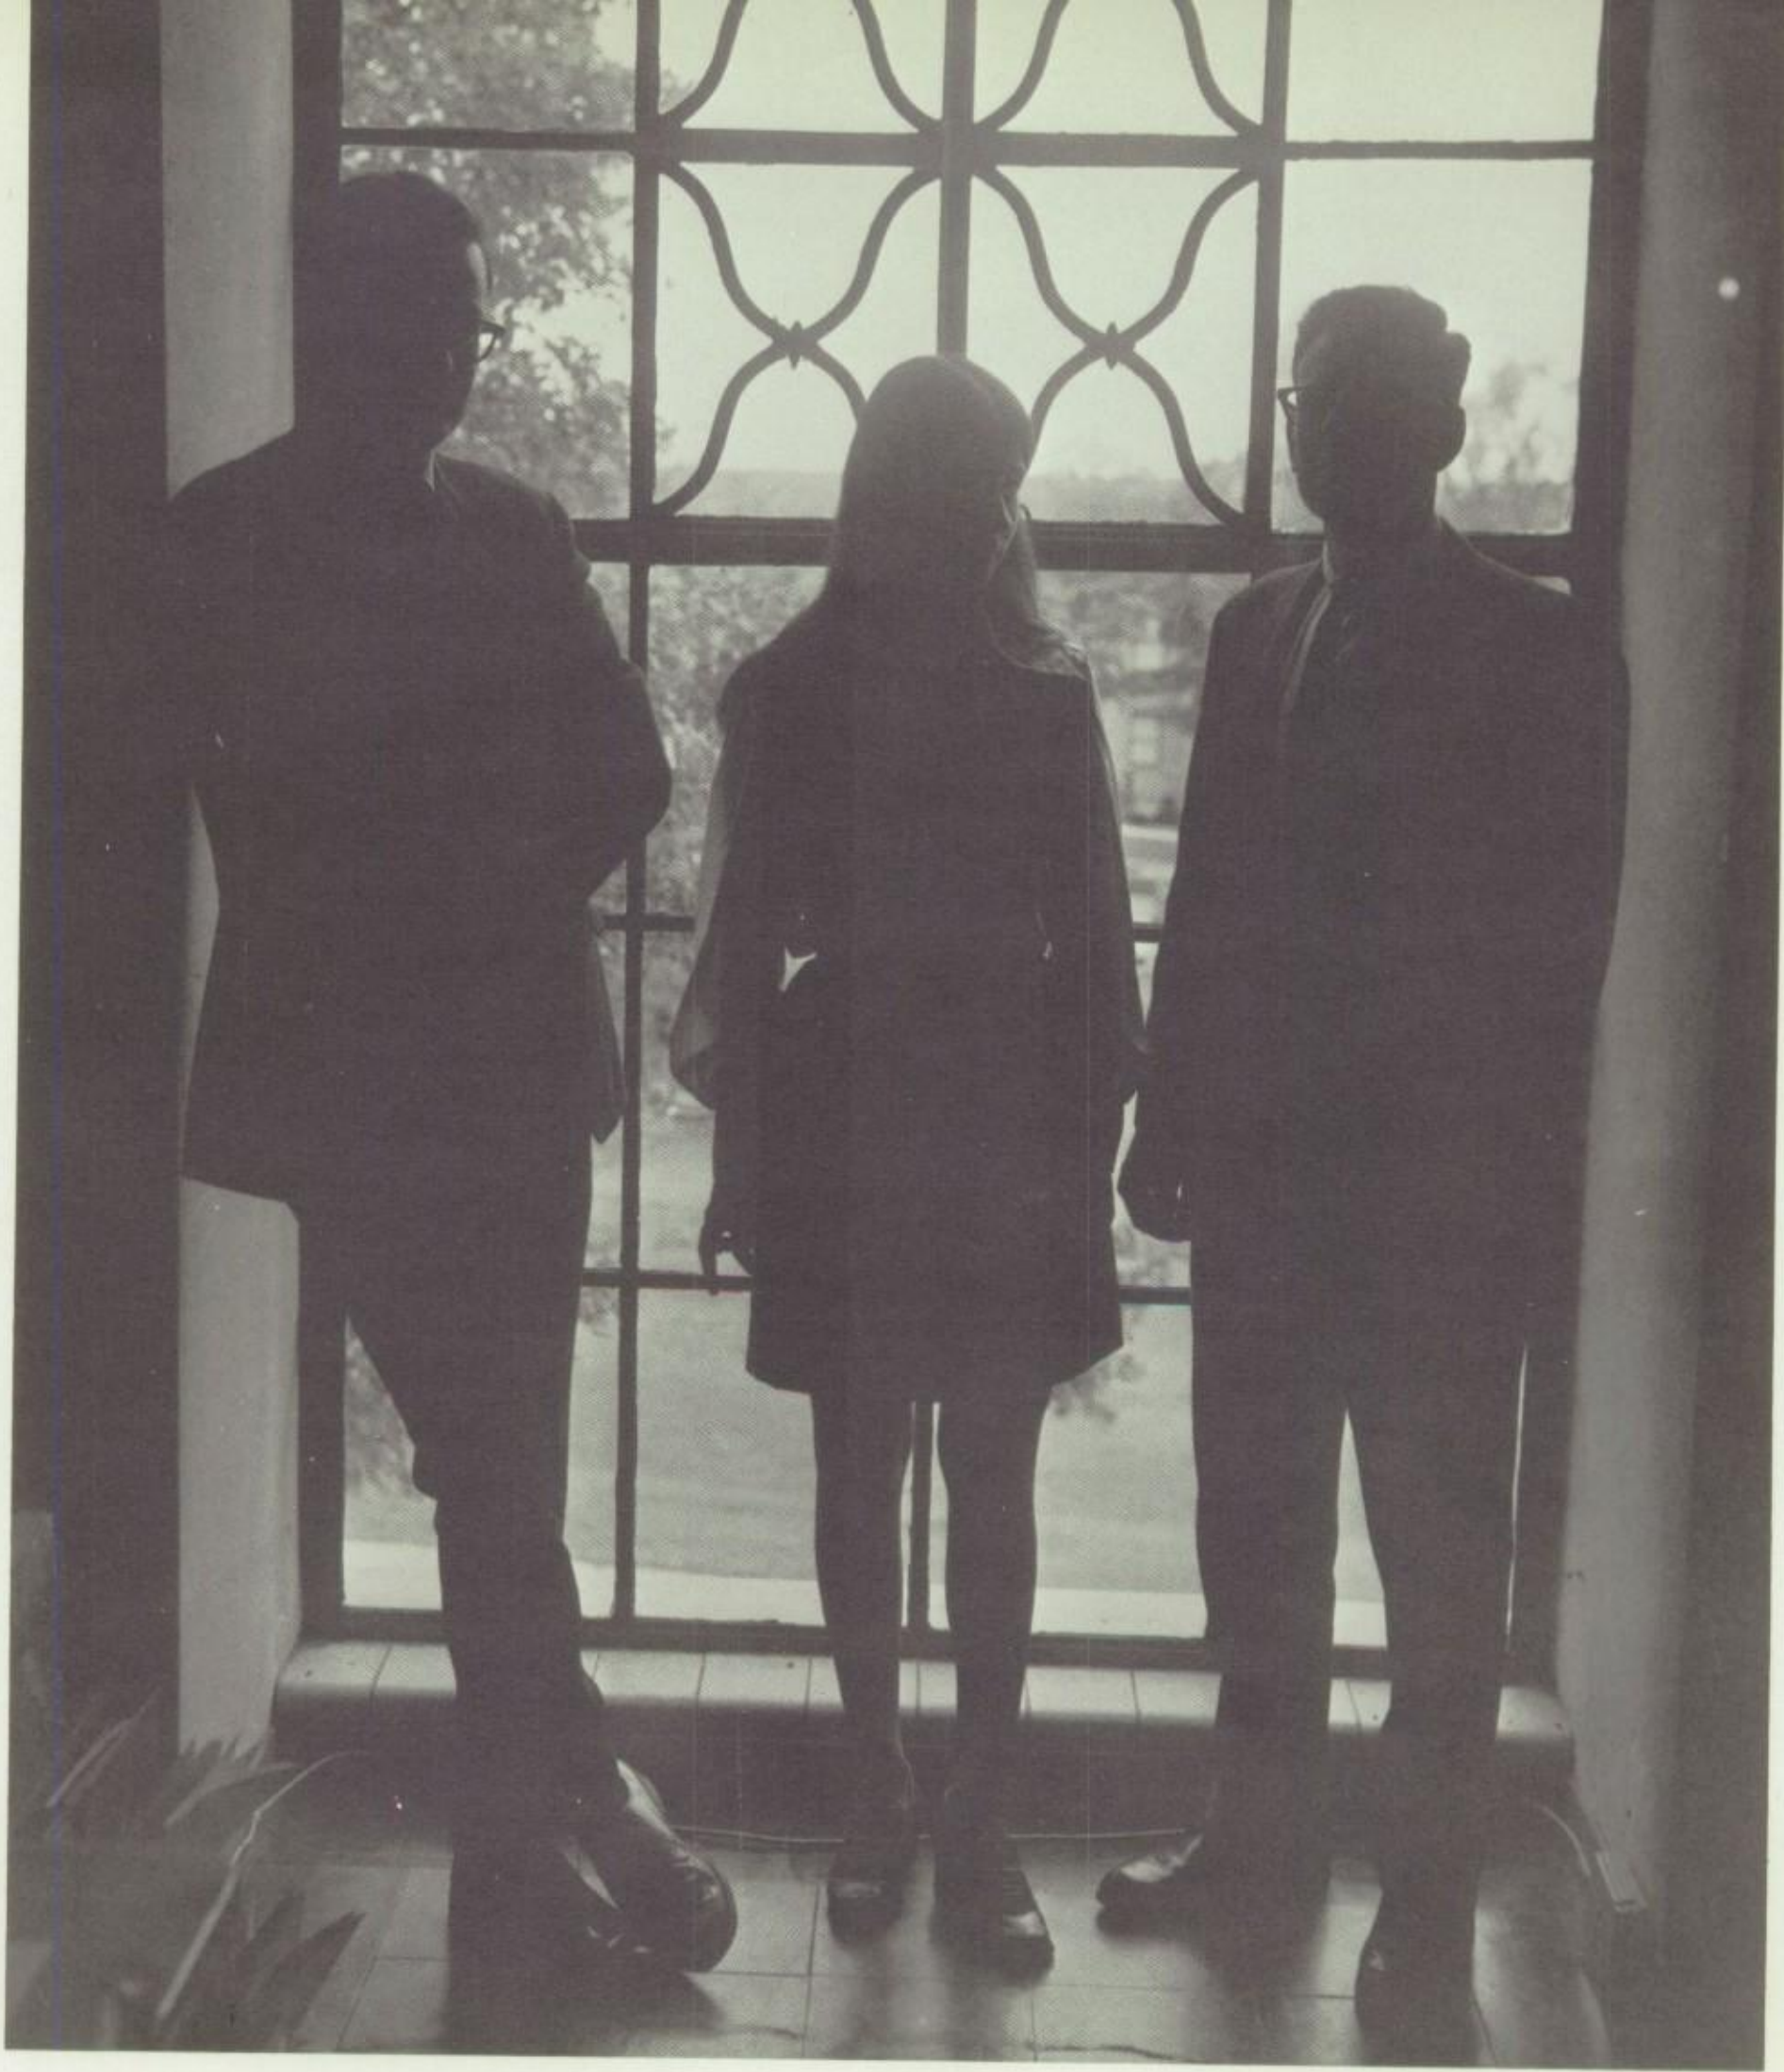

we were taught the way.

We can only try.

Our lives, our personalities, our dreams,
our hopes - all these have been formed by our
school years at MCS - Now it's up to us.

The Class of 1971

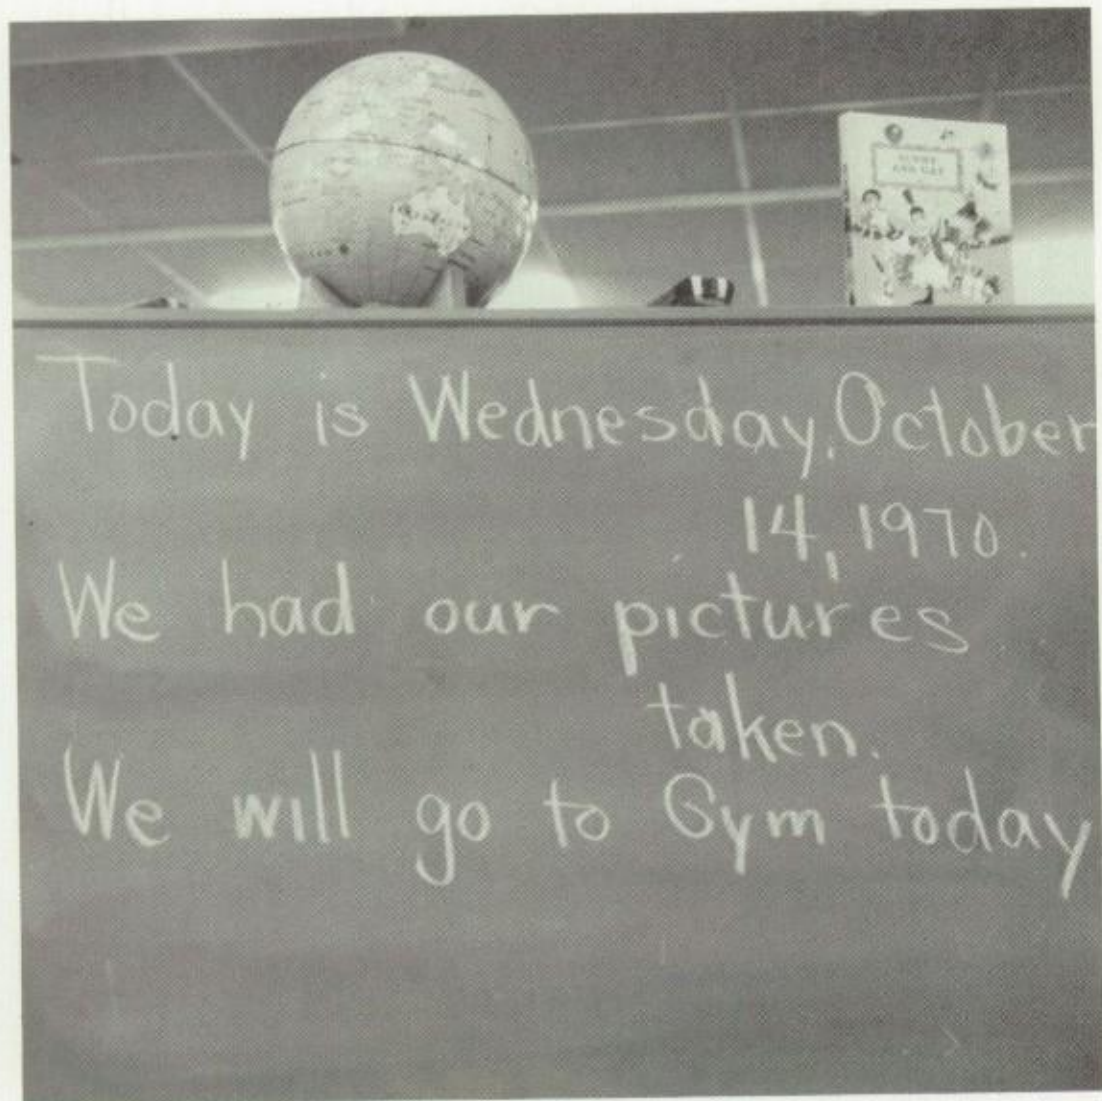

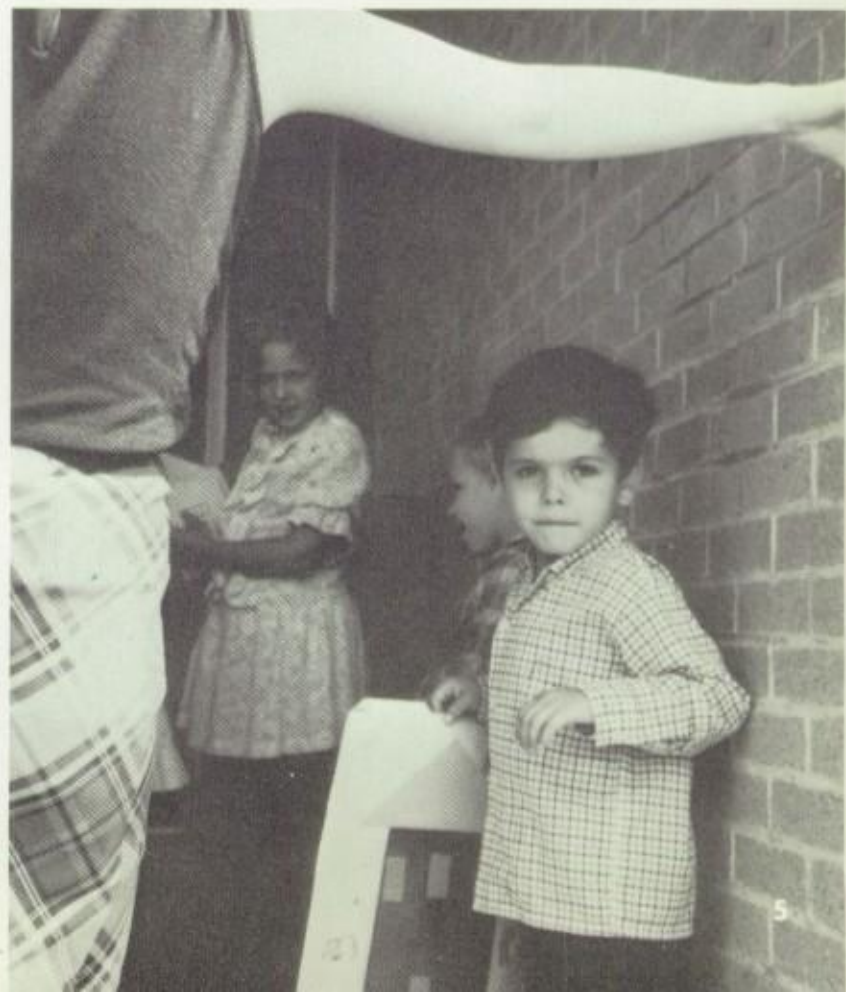

Anyone who has gone through twelve years of schooling knows that there are always some teachers and administrators, custodians and secretaries, bus drivers and cafeteria workers who are special. They give us something extra. Usually they receive little or no credit, yet often they are the driving force behind each organization, each class, each activity. Often that "something extra" is no more than a "How are you?" at the right time. They're interested in us. We depend upon them.

You special people, you important people - thank you.

SENIOR CLASS

HOMECOMING

1970

Mayville held its second annual Homecoming on October 3, 1970 with Sharry Bernard as queen. The weekend featured a snake dance, a parade down Erie Street and a little rain. Each class built a float, with the juniors winning first place with their entry "Scuffy the Dragon." The day ended with a semi-formal dance featuring the Glass Mushroom.

OTTO LEANDER NIELSEN – AFS

When I arrived here I found out that things weren't so different from home. I felt very quickly at home and that was mostly because of my family here in Mayville, the Nickersons. I have been very happy staying with the Nickersons. They really made me feel like home. Everywhere I've been going, people have helped me and been so nice to me. I will say many grateful thanks to my sister Linda who has been a very nice and helpful sister. I find Mayville a very friendly and helpful town and I don't think I can find any bad things to say about it. I will also thank the school with all its principals and teachers who have been very helpful to me. This year has been a great experience and a great year that I'll never forget. Thank you very much.

Your AFS Student, '70-'71,

Otto Leander Nielsen

SENIOR CLASS OFFICERS

JOSEPH NOTARO - Treasurer

MINA HARRINGTON - Secretary

MICHAEL HARRINGTON - President

GAYLE JOHNSON - Vice-President

HARRIS J. STEWARD

26 YEARS DEDICATED
SERVICE TO MCS

1945-1971

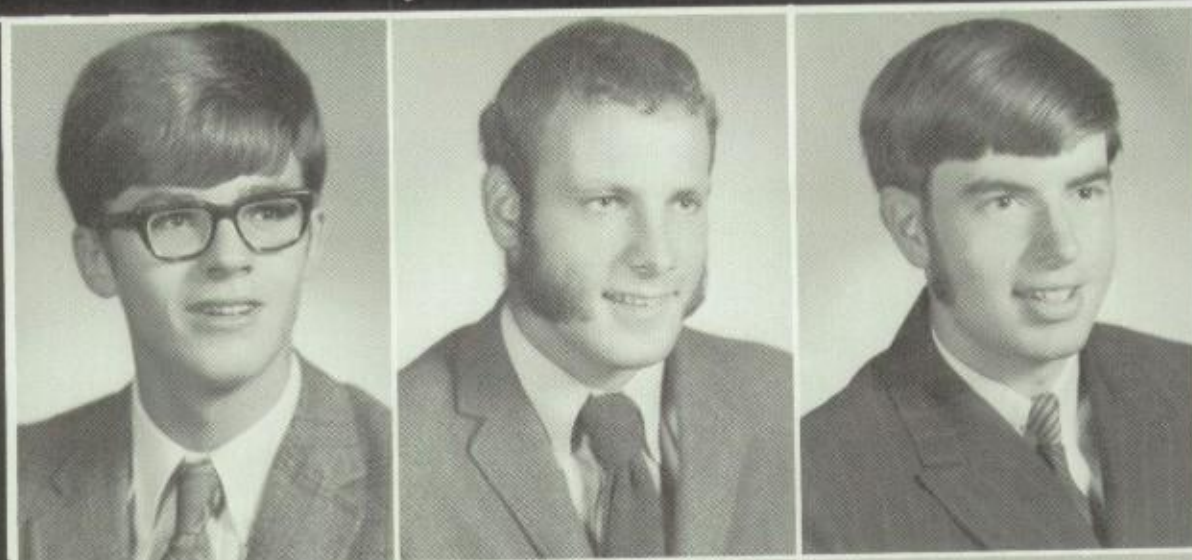

One of the most familiar and respected figures at Mayville Central School leaves us this month. It's difficult - writing a salute to a man - because it smacks of past tense, which has a depressing, obituary-like sound. But long after he has walked out the door, Harris Steward will still be here, for his hallmark has been progressive education. He has worked with enthusiasm to raise the quality of education here - inaugurating, instituting and encouraging improvements and experiments. He leaves us new concepts, new courses, new rooms, new equipment. One of his outstanding accomplishments is our Humanities program.

The energy and hard work he brought to his duties here extend back to his preparation for his career: 1930-32 at Fredonia Normal School, where he qualified to teach elementary grades; 1932-34 at the University of Buffalo, earning a B.S. in Education; 1937-1943 at the N.Y.S. College for Teachers at Albany, earning his M.S. Ed.; graduate work in administration and guidance at the University of Buffalo and Buffalo State. He came to Mayville Central to teach high school social studies in 1945; he began his principal's duties in 1957.

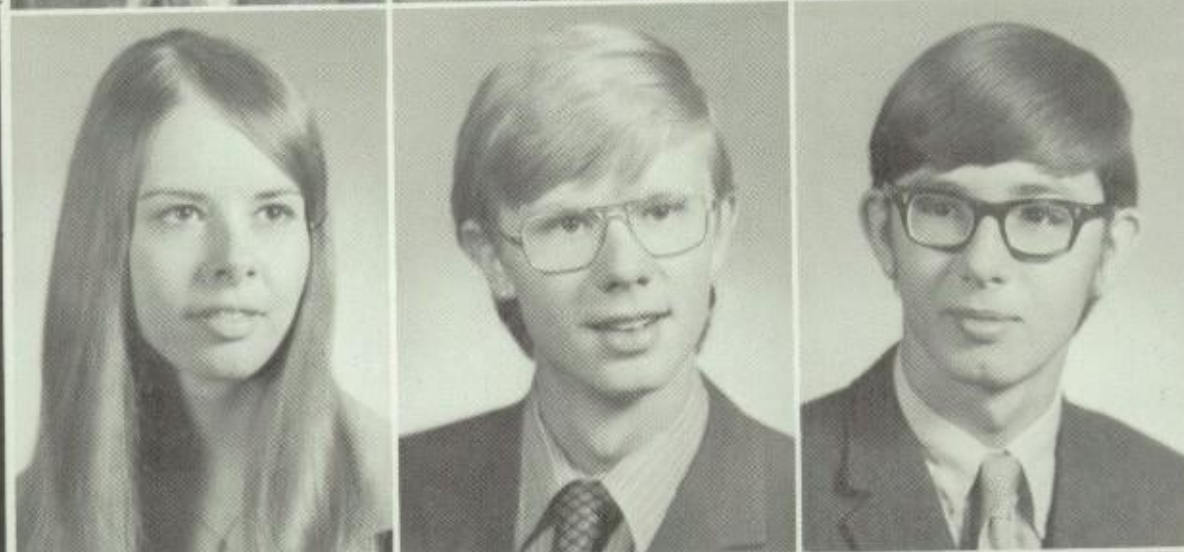

Now, after 26 years here, Mr. Steward is retiring. Among other things, he will be able to fulfill a life-long desire: to travel. Bon voyage, Mr. Steward. Good luck. Thank you.

Lee Hunt, Anne Musser, Michael Harrington, Joseph Notaro, Brian Scriven, Gayle Johnson, Jane Weise, Annie Nickerson, Mina Harrington. SITTING: Geraldine Kesby.

YEARBOOK PHOTOGRAPHER

MARK BREWER

For the first time in years, Mayville Central's yearbook has had the services of student photographers. Seniors Mark Brewer and Wayne Bentley spent the fall and winter months on photo assignments inside and outside school. Their contributions enabled us to expand our coverage and increase the number of our pages. They took the senior informal pictures, the administration pictures, the advertising pictures, plus some organization and sports pictures. The candid pages are their work. Wayne will enter Morrisville College this fall as a journalism-technology major; Mark is seriously considering a career in photography.

The staff is also indebted to professional photographer Earl Richter of Jamestown, who took our organization and class photographs.

This year an MCS alumnus, John Davis of the class of 1970, spent some of his college vacation time taking, developing and enlarging the action and candid photos in our sports section.

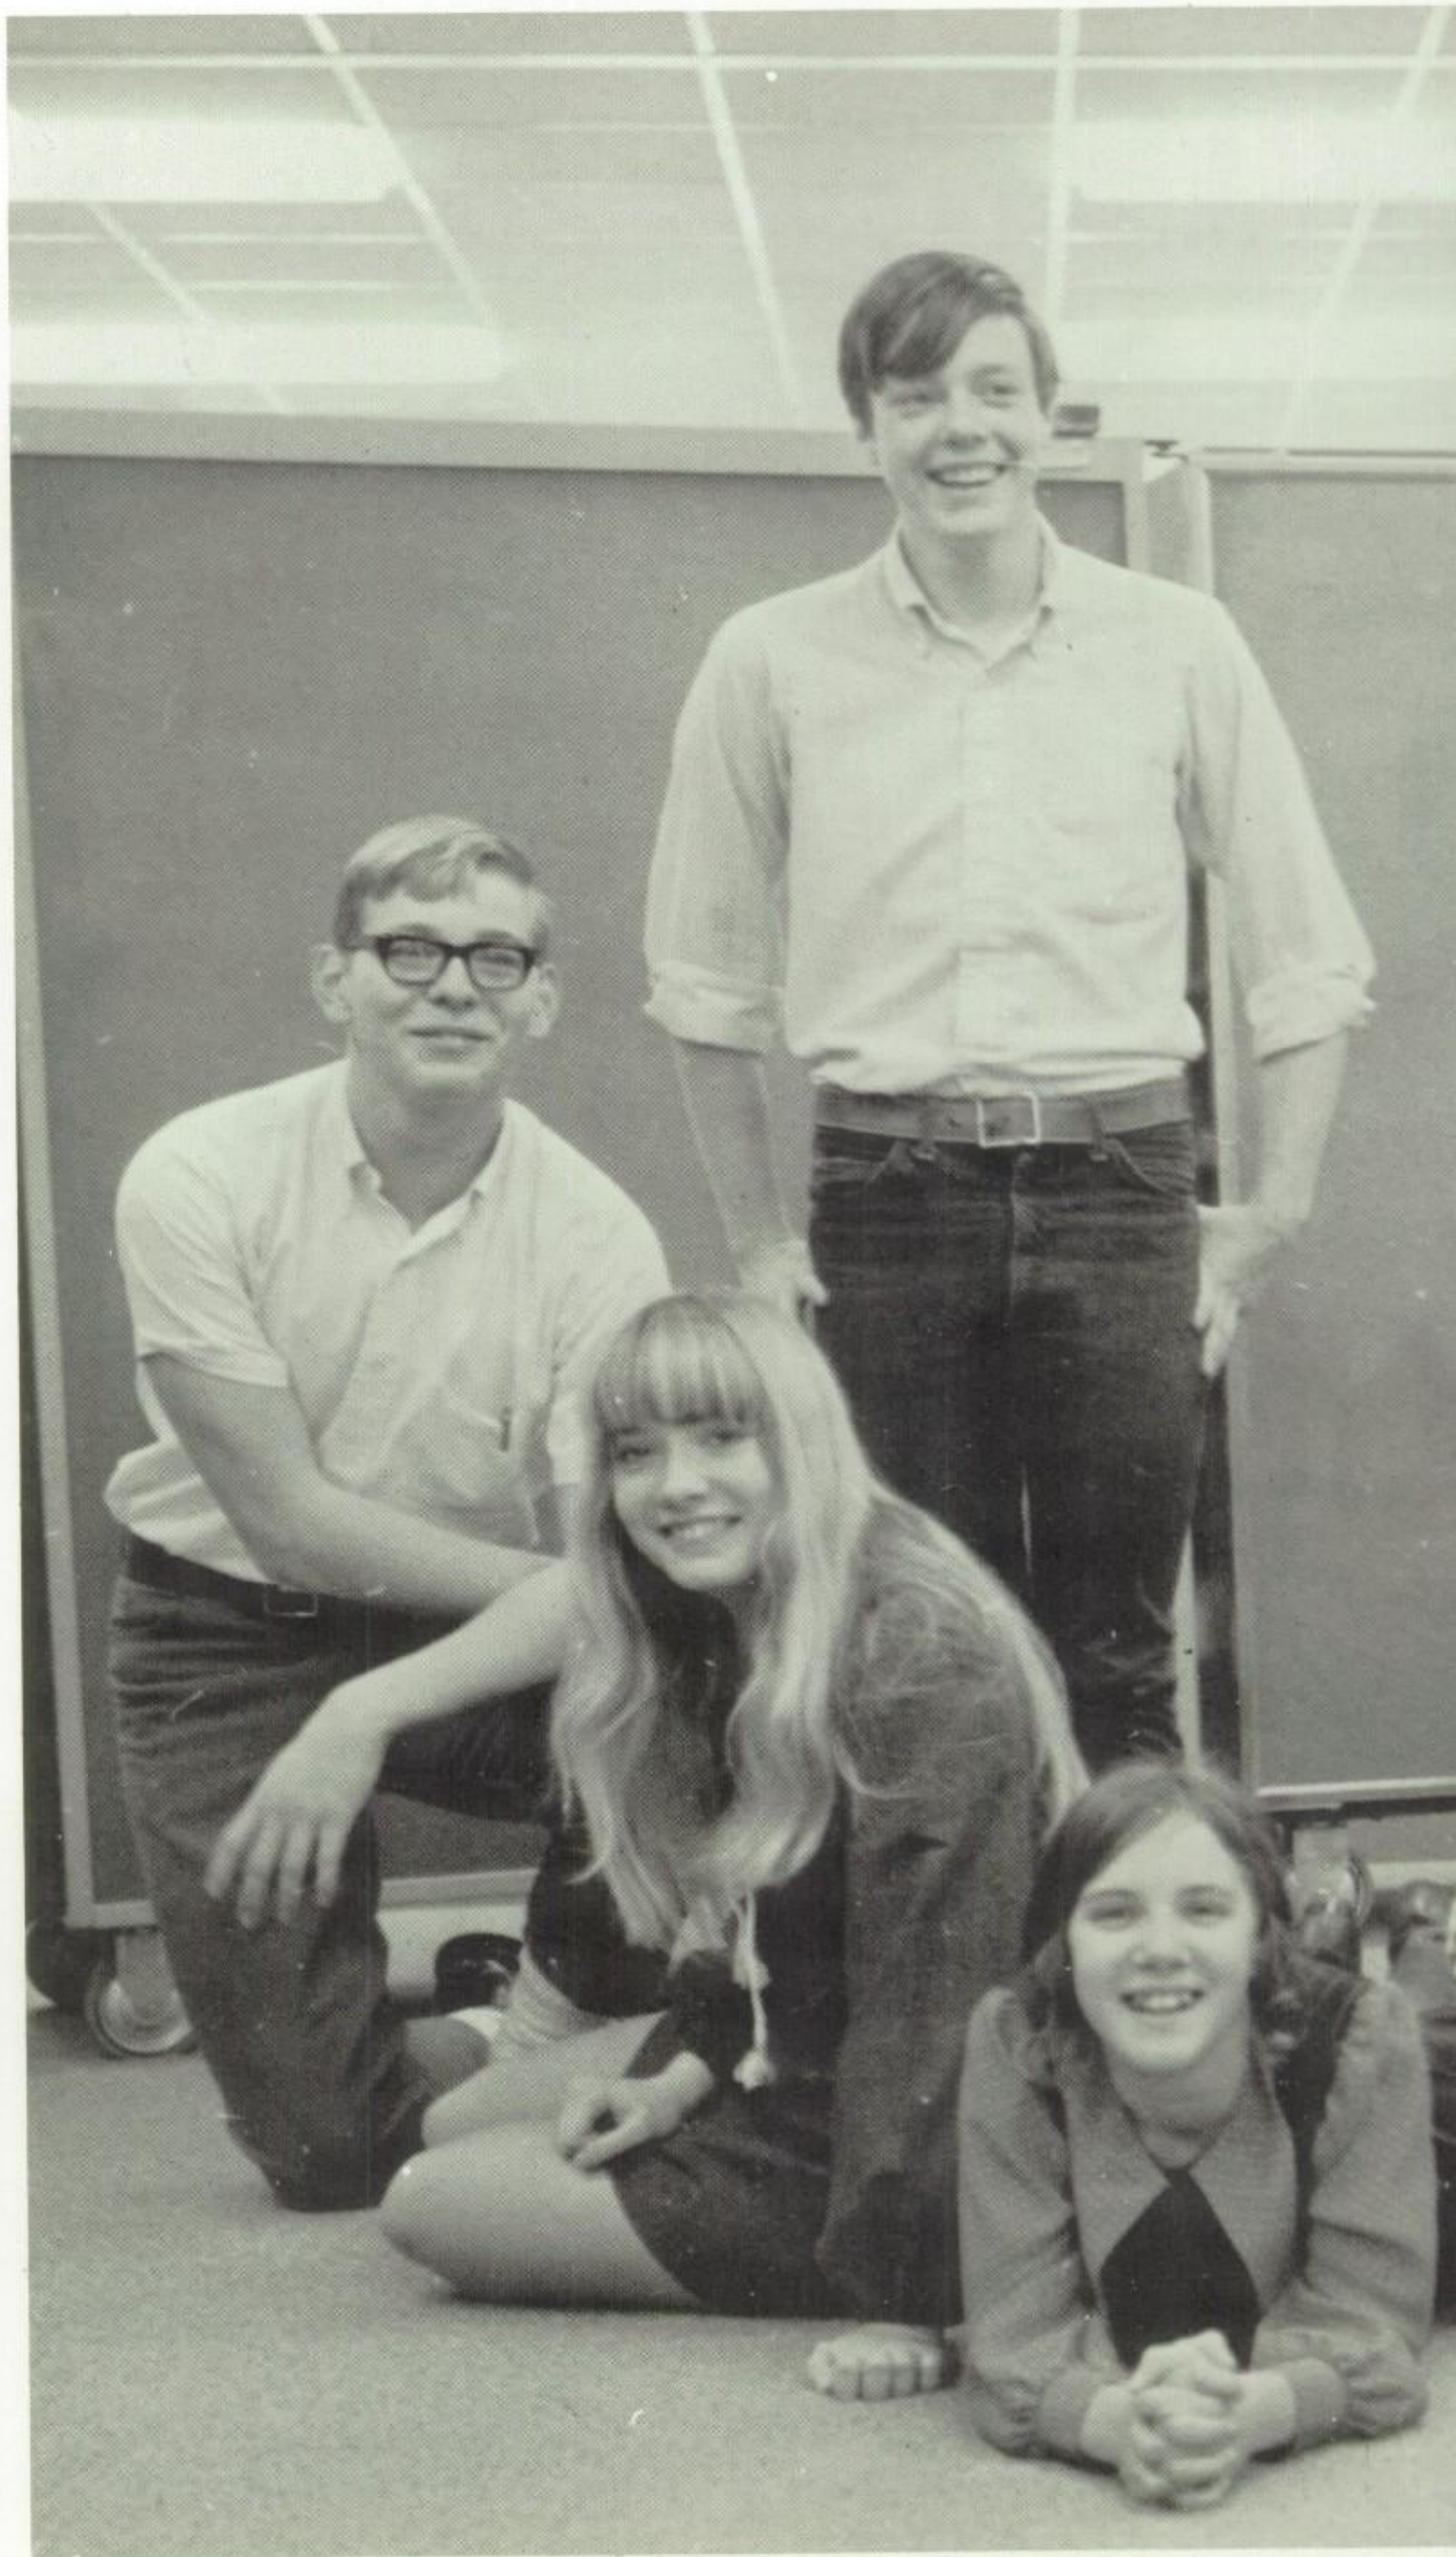

WAYNE BENTLEY

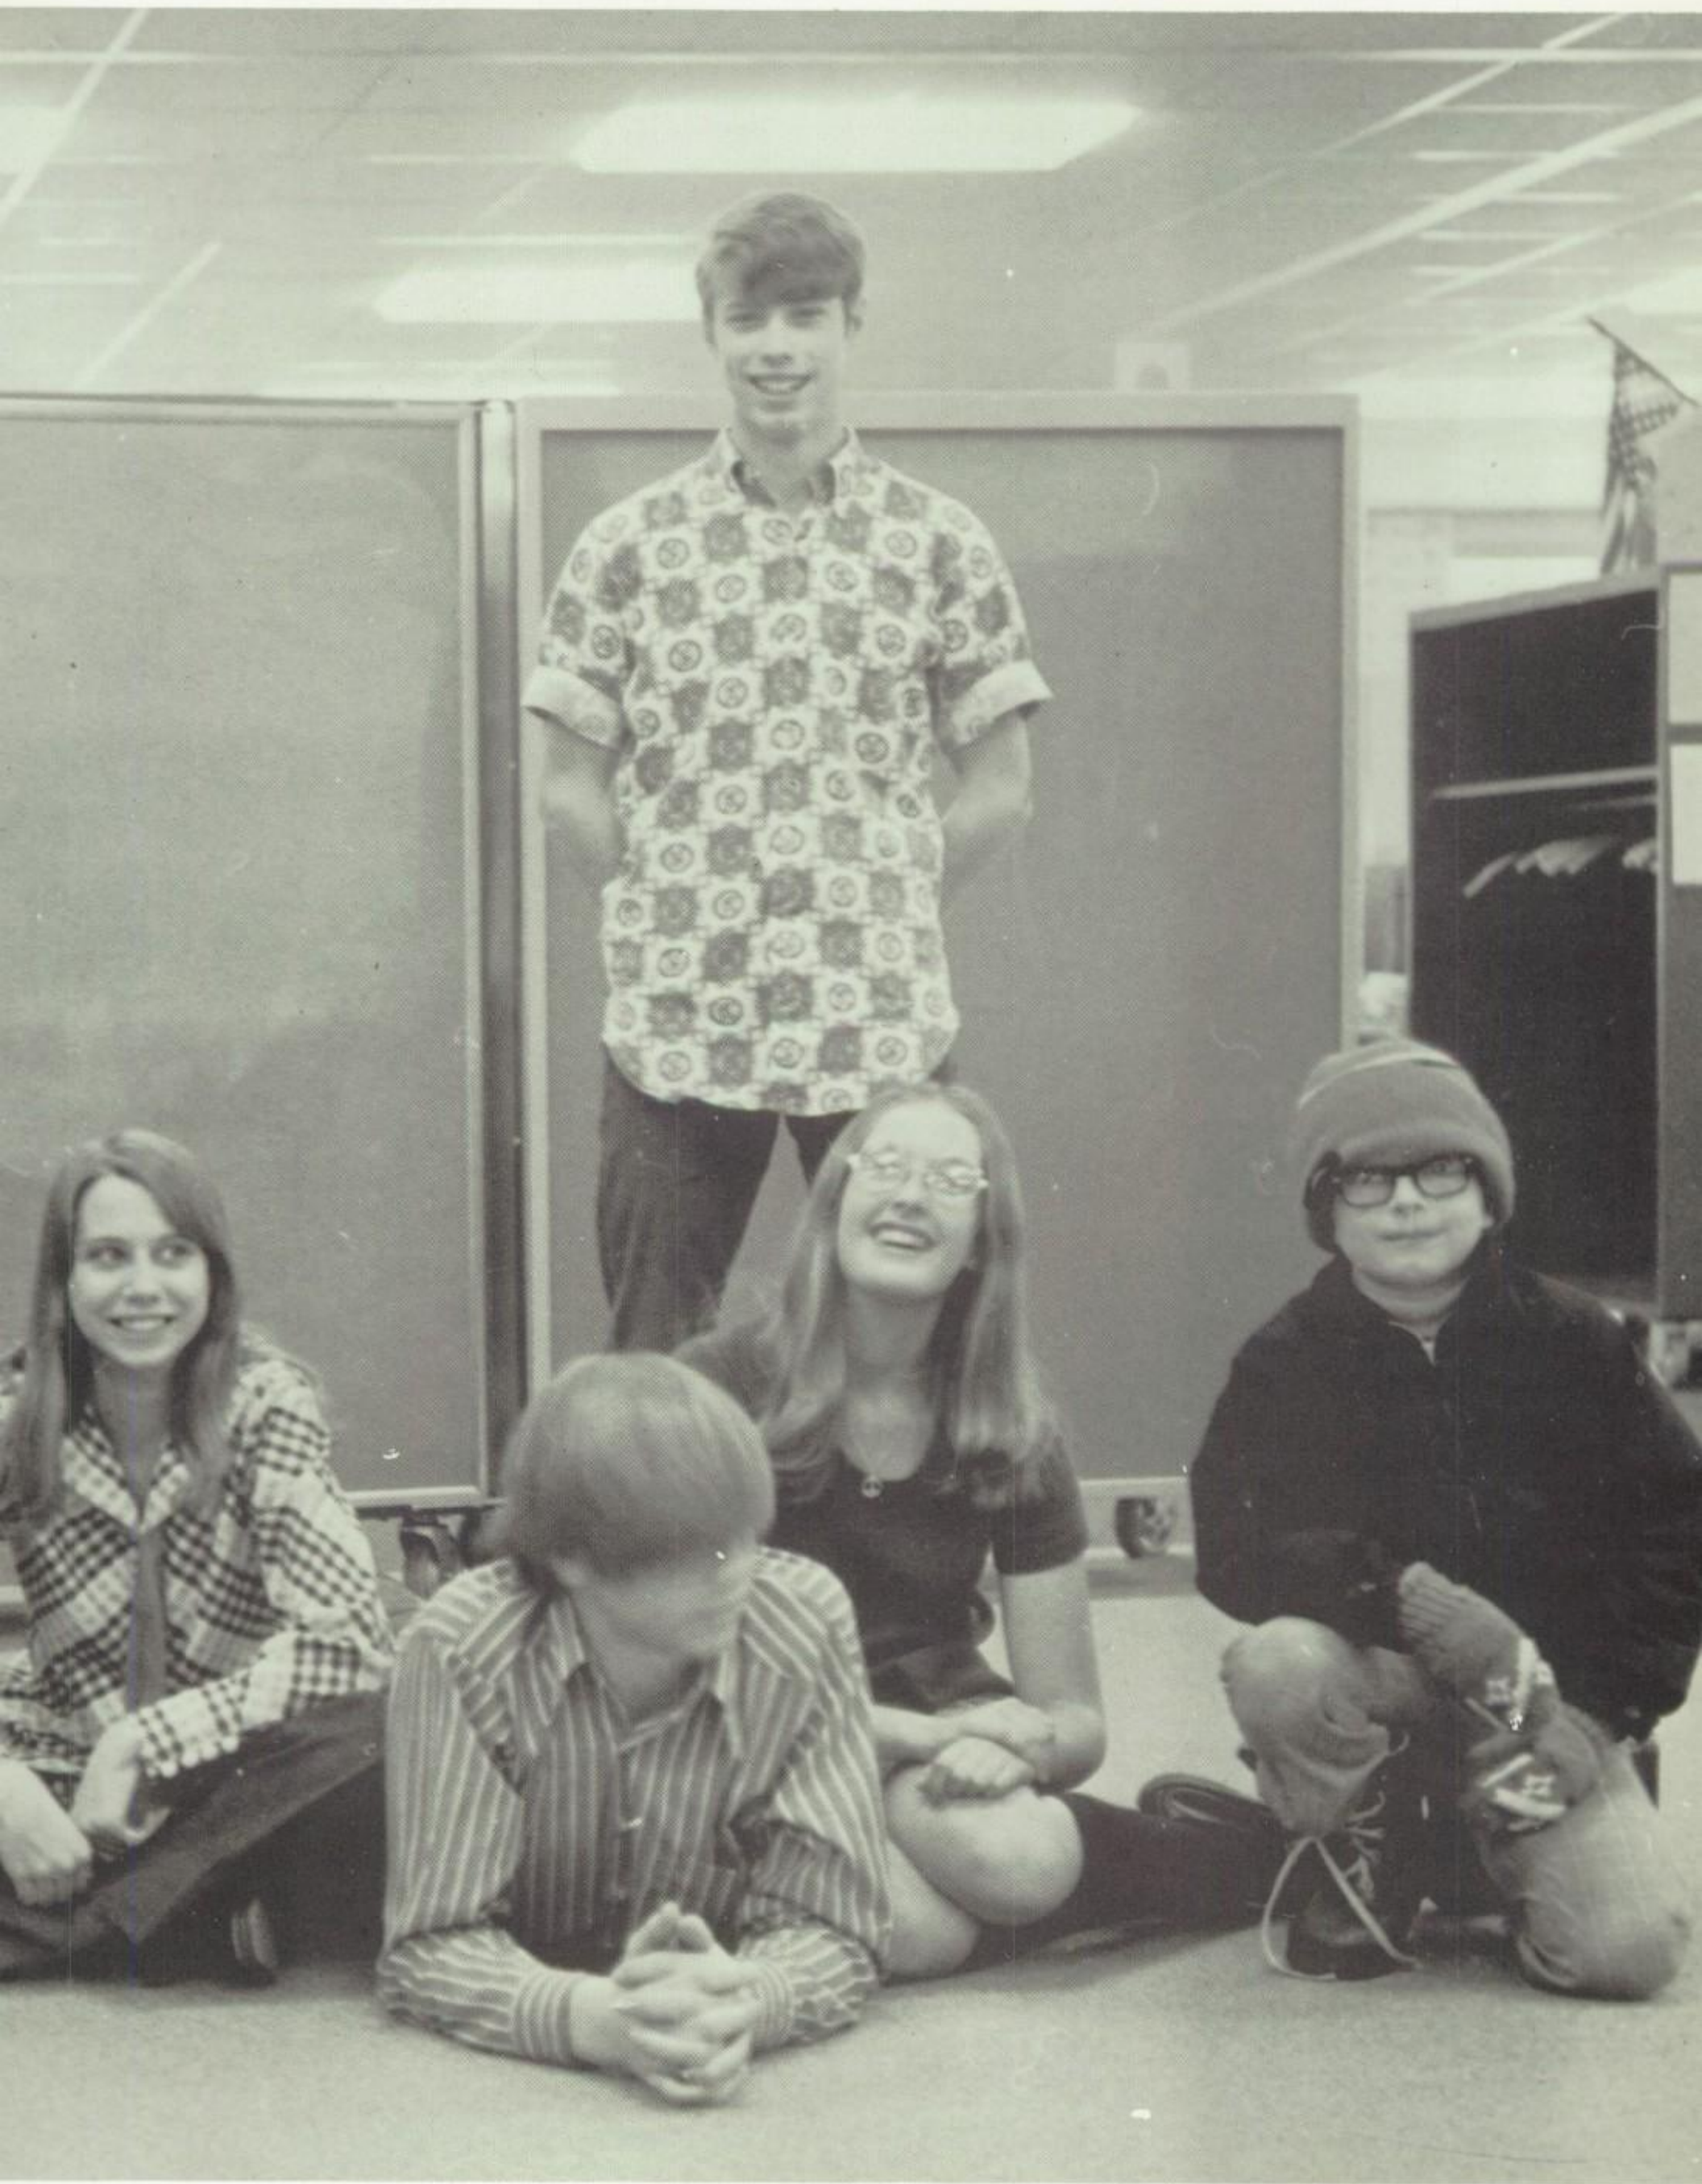

The most honored and accomplished member of the senior class is Gayle Johnson. The yearbook staff is proud to list some of her accomplishments: listed in WHO'S WHO IN AMERICAN HIGH SCHOOLS; New York State Regents Scholarship winner; National Merit Scholarship finalist; senior class vice president; head majorette, yearbook; HILLTOP NEWS; AFS president; Spanish Club; senior play. (It should be added that Gayle's social life has definitely not suffered this year.)

UNDERCLASSMEN

Underclassmen, subjected to the wrath of the seniors, await their turn to be the regal rulers of our school. In the years from kindergarten through eleven, the necessary skills for executing a relentless attack on underclassmen is developed to its utmost capacity. They learn patience, for their turn is coming, their chance to release the full fury of their superiority as seniors. Yes, their turn is coming.

STUDENT LIFE

LOW WOODWINDS

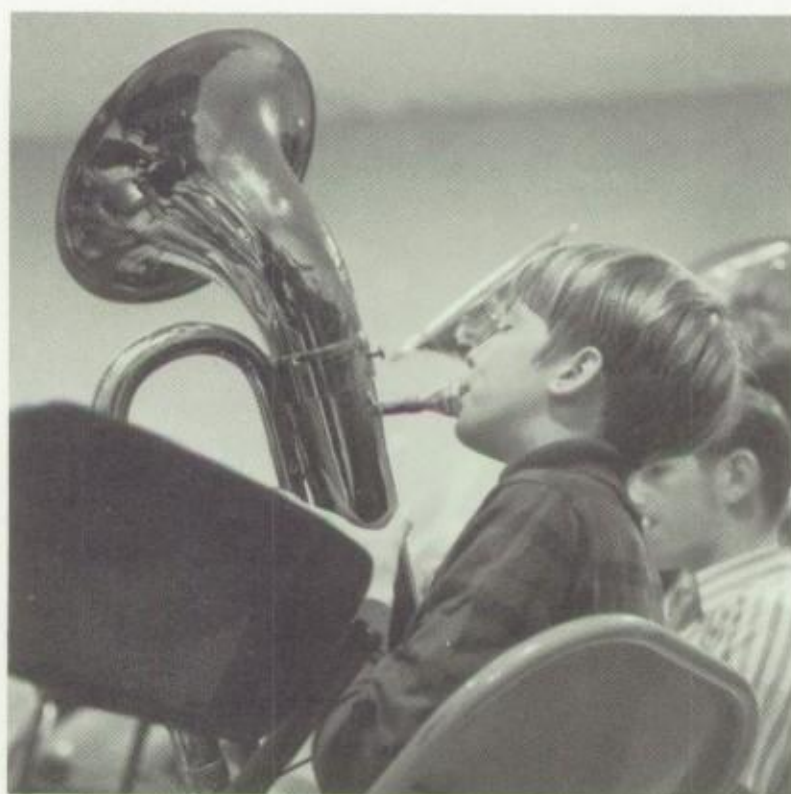

At approximately 8:50 each morning, Mr. Scott raises his baton and the music begins. Band has long been a part of MCS and has provided an expression for the students who find that music is their "thing."

FLUTES
AND
OBOES

FRENCH HORNS

DRUMS

TROMBONES

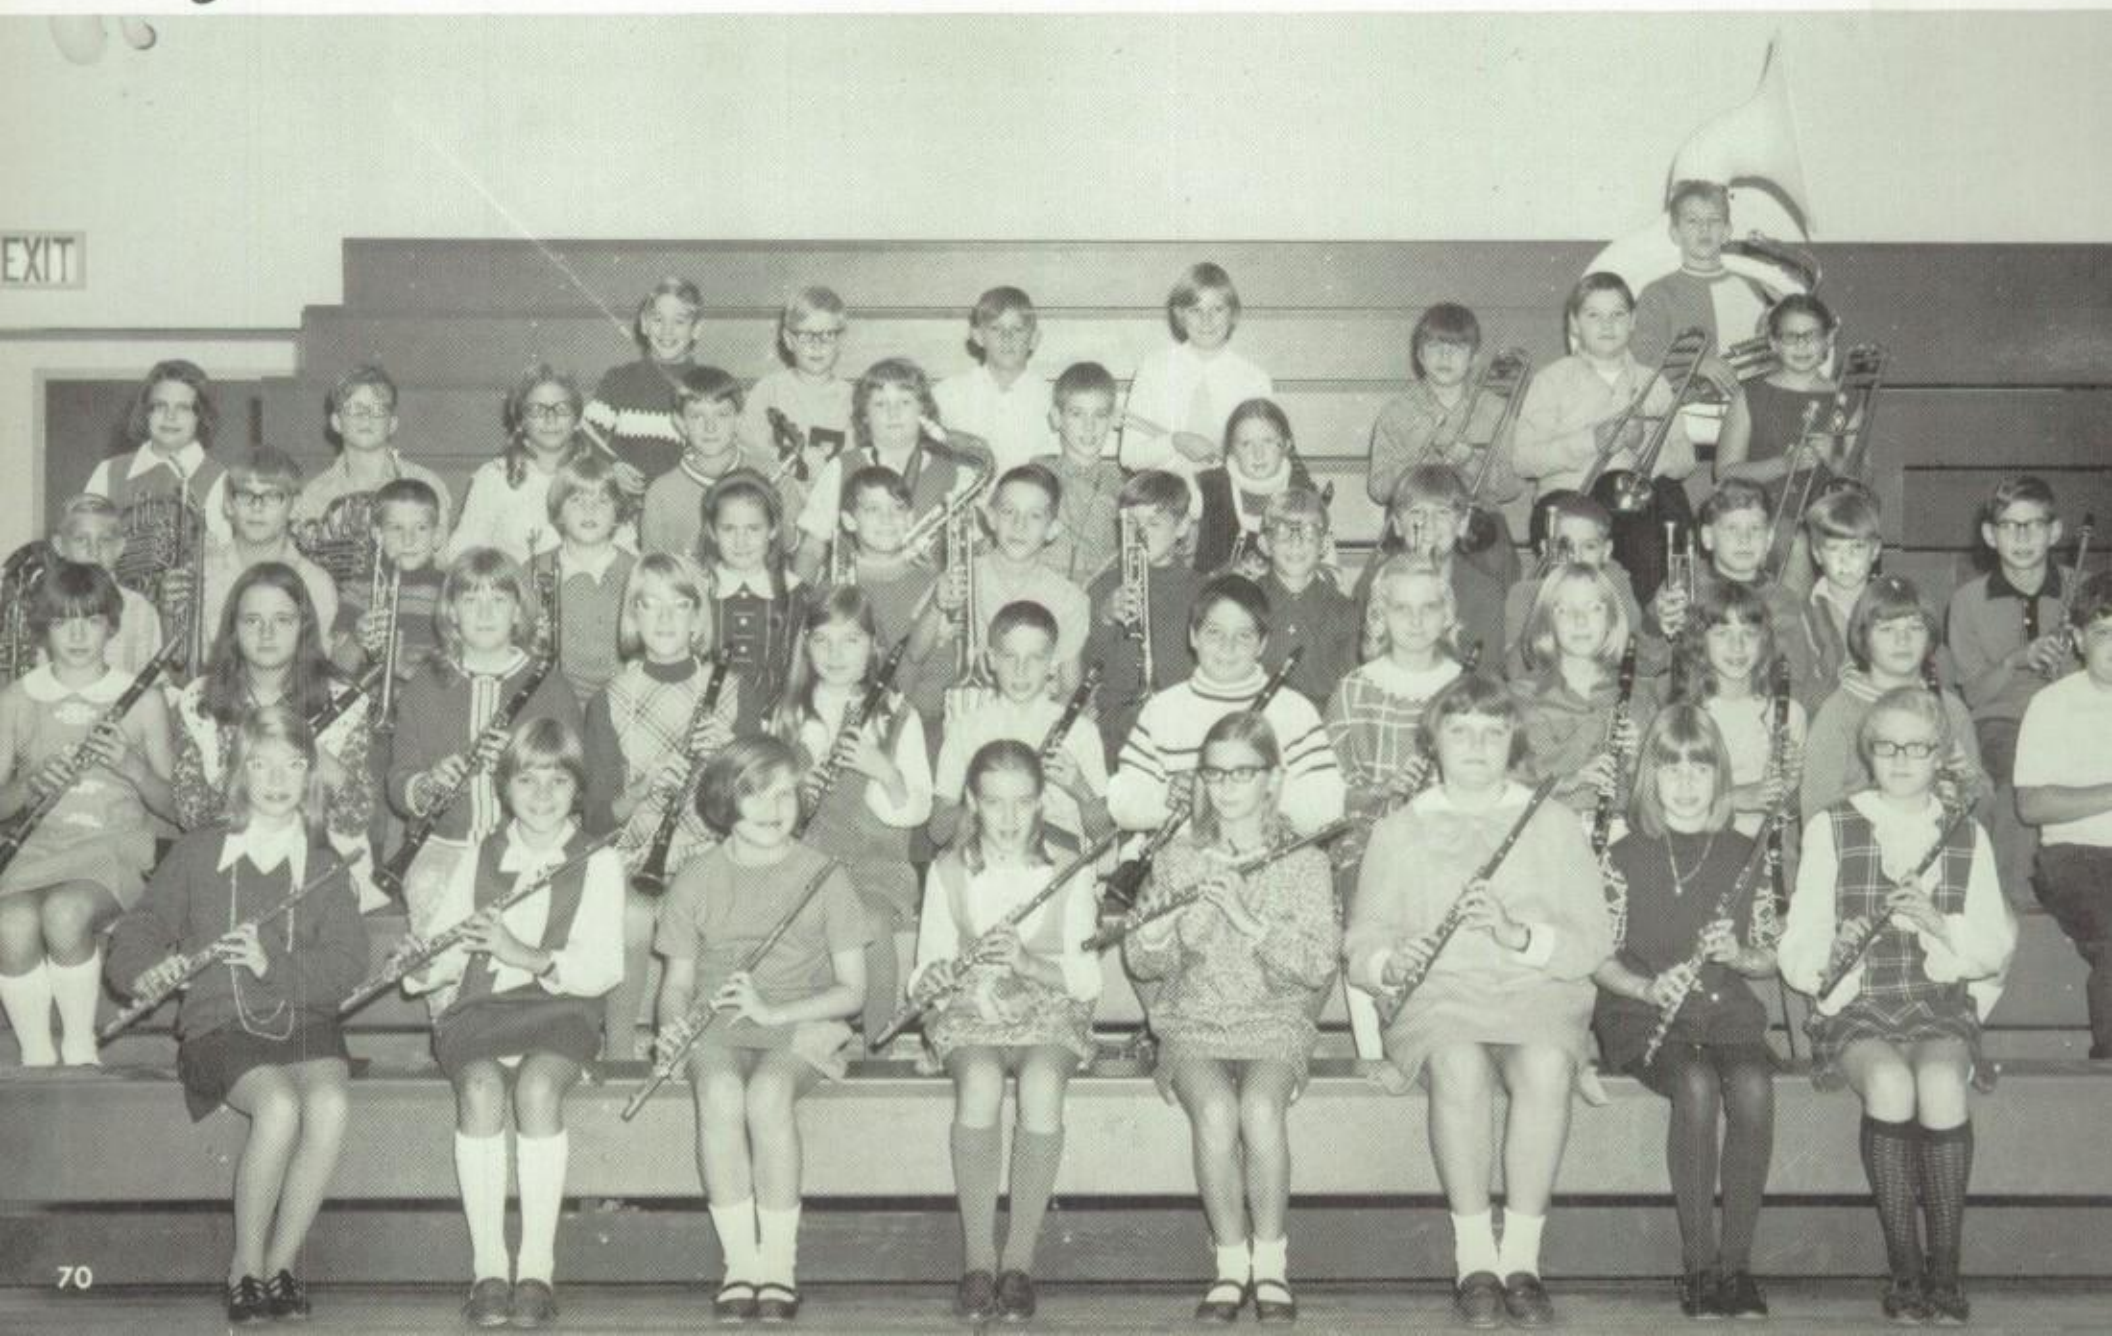

CLARINETS

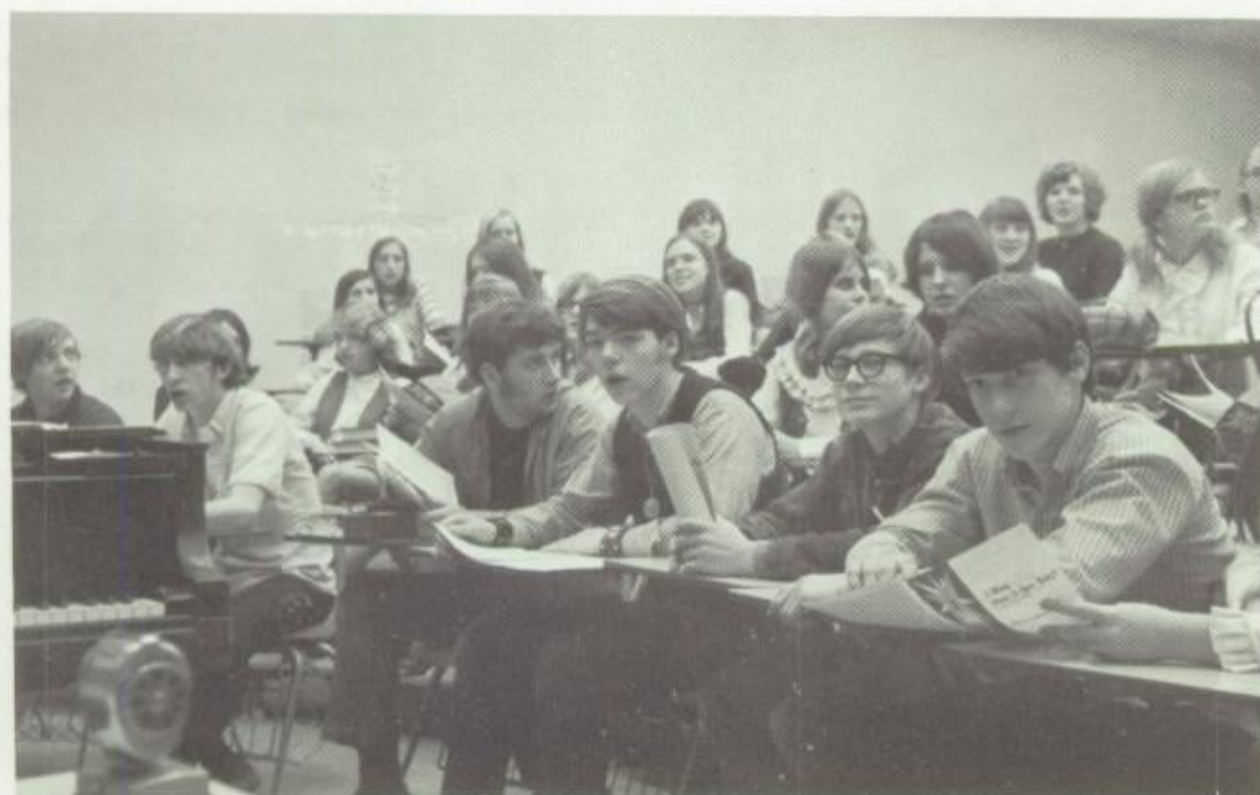

The sounds emitted during junior band practice are not always the sweetest, but the experience gained in group cooperation is as valuable as that in music appreciation. Here is where MCS's senior band really begins.

JUNIOR BAND

SENIOR CHORUS

There's nothing quite so exciting as being a part of something beautiful. The members of the Senior Chorus are a part of an experience; an experience of accomplishment and beauty; one of pride and talent. They are a beautiful experience of music.

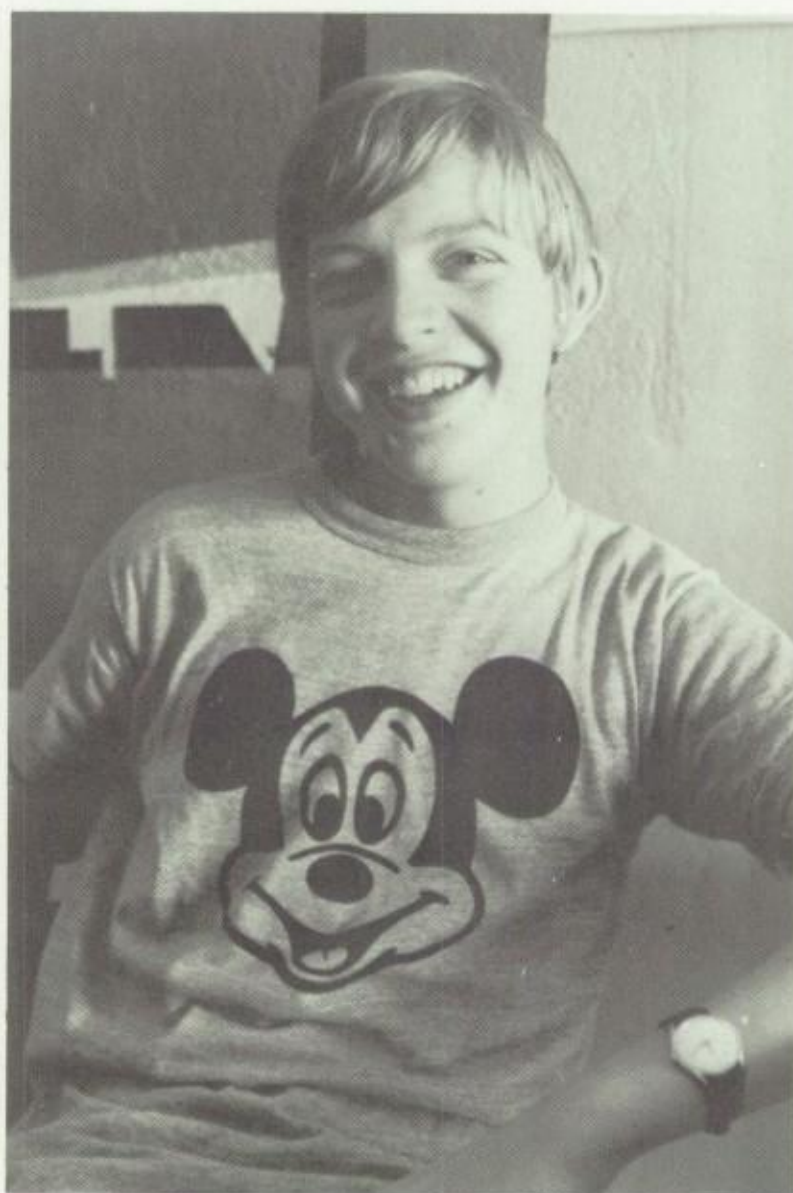

SENIOR AFS

AFS - the bridge between our country and theirs. Through the efforts of the students in our school and the support of surrounding community, MCS has been able to continue its foreign exchange program.

OUR EXCHANGE STUDENT

JUNIOR HIGH AFS

FIRE WARDENS

When the fire alarm rings, thirty senior boys go running for their stations: the fire wardens in action. Each year these boys open doors, direct traffic and, in general, keep the fire drills running smoothly.

SGO

Our SGO doesn't often get the credit it deserves. Working hard to solve the problems between administration and students, Lee and his "court" started with many good ideas and turned them into a few hard-earned realities.

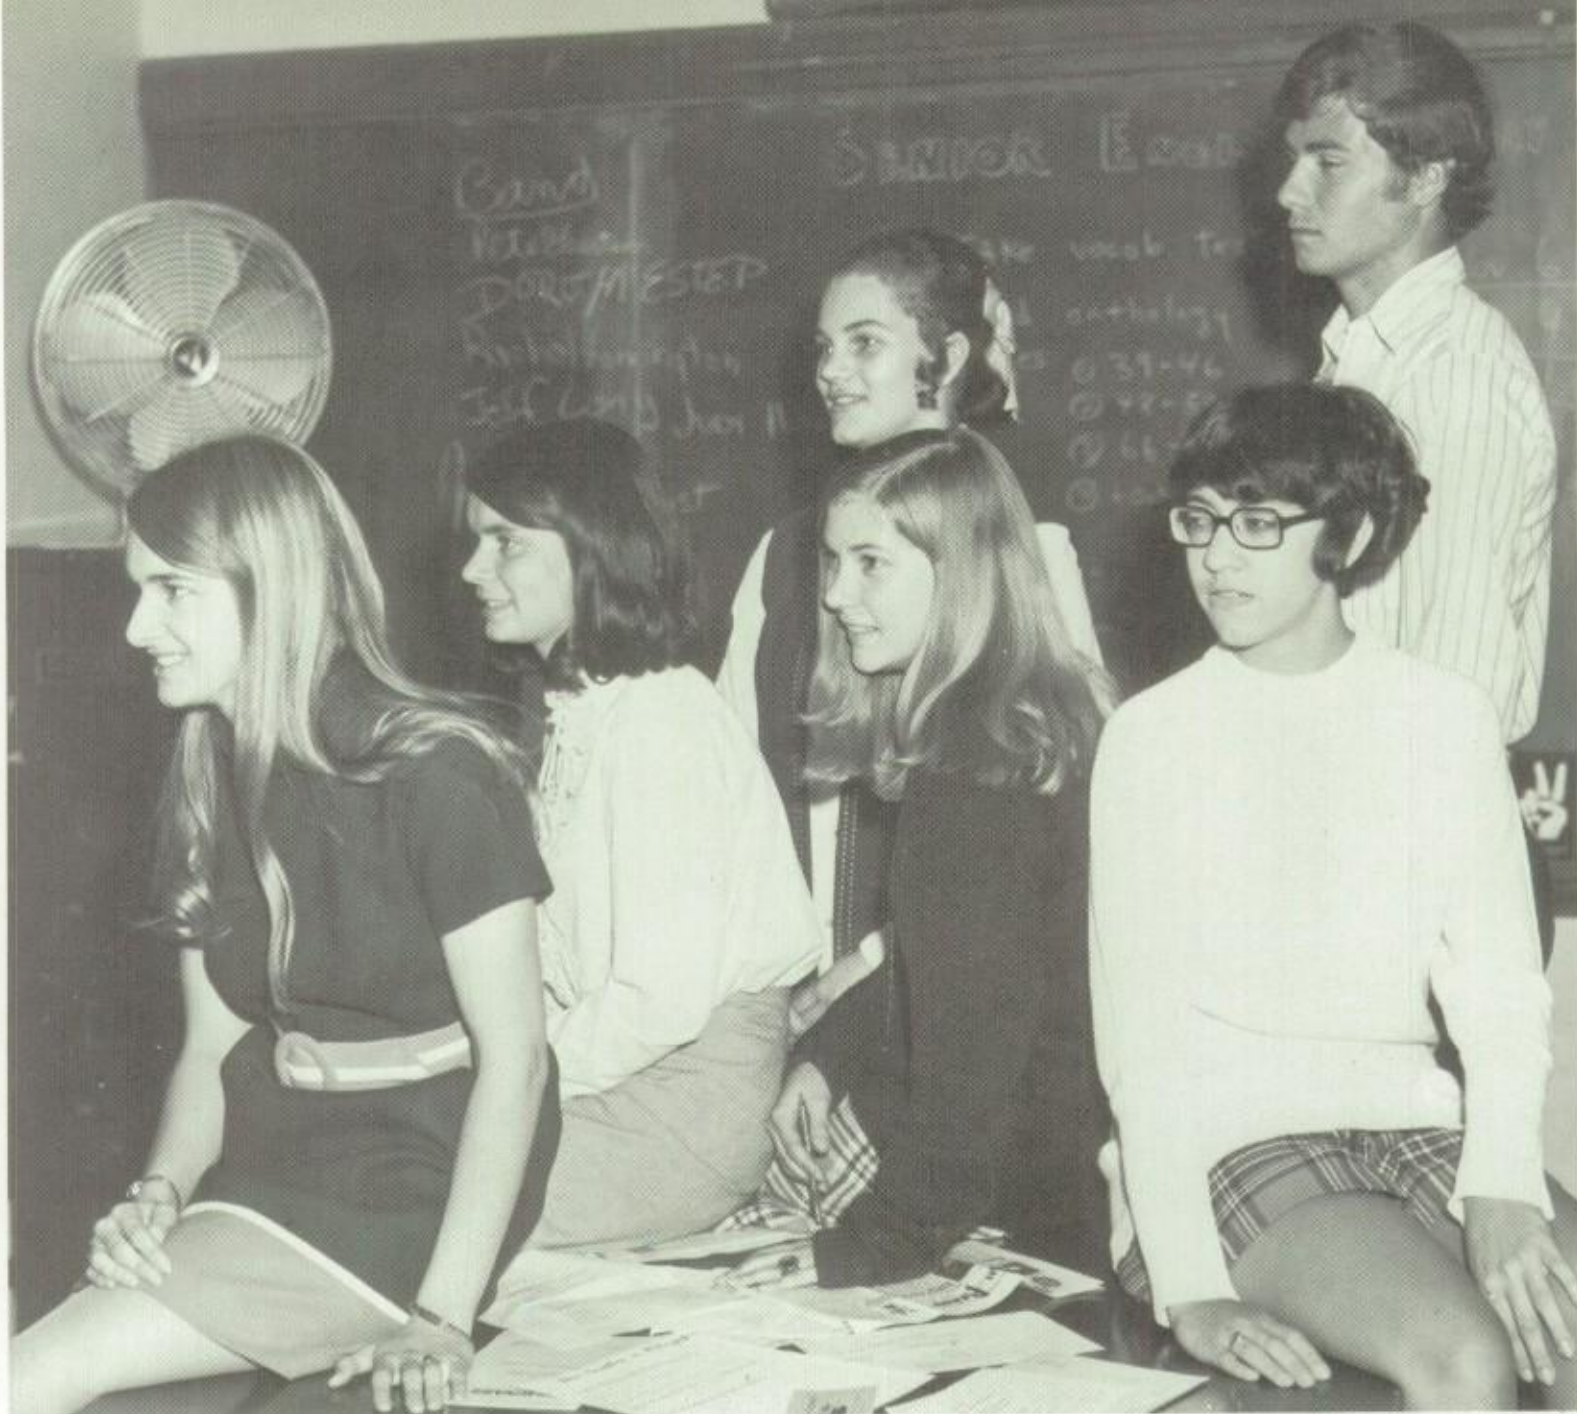

FRENCH CLUB

Learning a foreign language isn't just a matter of speaking the words, but also of getting acquainted with the culture and way of life to which the language belongs. Just to know the language doesn't mean you understand it or the people who speak it. The French and Spanish Clubs try and promote their understanding of these two countries and through this perhaps understand more about themselves.

SPANISH CLUB

HEAD EDITORS

Six months, and the yearbook staff has created the essence of one year. Through their eyes, MCS is seen with humor, boredom, love, disgust, and the agonies of learning.

SENIOR STAFF MEMBERS

JUNIOR STAFF MEMBERS

SENIOR SECTION MEMBERS

Maybe the highest score is only 99 and the average only 65, but the girls who go bowling rarely fail to get at least one spare or strike. It's fun just to see what you can do. In girls' bowling they do everything.

GIRLS, BOWLING

YOUTH REC

The Youth Rec program, in co-operation with Chautauqua, provides many activities for the kids of both schools. Under Mr. Dan Kelley's direction, we at M.C.S. are afforded the chance of attending dances, swim and skating parties, skiing and Saturday morning activities. There's one really great thing about Youth Rec - it's for everybody.

FRESHMEN GIRLS' INTRAMURALS SOPHOMORES

JUNIORS

Though M.C.S. has never (and maybe never will) seen the face of a girl on the football squad or basketball team, the girls have not been forgotten! Every Thursday afternoon, Miss C. perseveres through the screams and noise while "her girls" have their fun. Cageball, basketball, volleyball, apparatus, softball, and tennis give each girl her chance at her favorite sport. And no matter how good or bad you are - everyone has fun.

SENIORS

HOME EC CLUB

As the name states "future teachers," but for some, "future" means tomorrow or the next day. The person who dares to say "I want to teach" is saying he wants to give a part of himself to help. He is projecting the future in a word or glance and is trying to understand. But he must learn himself, for the future is never far away.

The Home Ec Club isn't just girls who feel that homemaking will be their only goal; it is girls who feel that making a home is important - important enough to give attention, and meanwhile reaping upon the school delicious cookies and an occasional dance.

FUTURE TEACHERS

Each year the Sophomore class publishes the Chatterbox - a small, but eye-opening personal insight into the life of M.C.S. - public and private. This year the attempts have been more than successful. The class of 1973 has tried to make the Chatterbox more than just a jumble, but an organized effort that shows creativity and talent.

CHATTERBOX STAFF

SENIOR HONOR SOCIETY

HILLTOP NEWS STAFF

They keep us informed - at least about the things happening at MCS. The journalism class has been a link for all, keeping students, faculty, administration and community in-the-know about the mechanics and novelties of our school. This year, in addition to the regular issues, the staff put out a special publication: "The Arts at Mayville Central."

L. to R.: David Akam, Wayne Bentley, Anne Musser, Annie Nickerson, Mark Brewer, Julie Malinoski, Carol Miller, Rhonda Moore, Gayle Johnson, Anneke Knottenbelt, Chuck Kelsey.

MAJORETTES

In the three years that there have been majorettes much has been achieved. From a few fumbling twirls have come the skill and co-ordination needed to twirl fire. Although the majorettes are not a school-sponsored club, they have cooperated with school activities and are "one of the gang."

SKI CLUB

The ski club is a new organization this year. As with all new things, it has had its trials and tribulations. However, the student response and school's support have been heartening. With the group scheduling trips to Cockaigne, Peek'n Peek, and other resorts in the area, the future of the ski club looks bright.

SENIOR PLAY CAST

"But most of all I Remember Mama" and Katrin is right; I REMEMBER MAMA is a memorable play. With much hard work and diligence the seniors tried to bring out the warmth and humor of a Norwegian family in San Francisco. The play was the first to have the advantage of new lighting and stage equipment, which was a great asset to both cast and crew. But most of all we hope you "Remember Mama."

MRS. BEATRICE GUSTAFSON

MRS. LAURA CADY

THANK YOU, LADIES

Things will seem different when students return next year. Three staff members whom everybody associates with MCS will be missing.

Mrs. Jennie Sommers spent 19 years here building one of the finest high school library collections in the county. She received her bachelor's degree at Houghton College, and attended universities at Geneseo and Syracuse. Prior to coming to Mayville, she was employed at various schools, and at the Westfield Public Library.

One of the hallmarks of Mrs. Laura Cady's classes was her firm yet generous way of teaching. She came to us in 1942, and since then has taught scores of Mayville students how to study and use their knowledge. Hers was one of the hardest jobs: preparing young people to enter the new and sometimes frightening world of high school. She has done her job well.

Mrs. Beatrice Gustafson started teaching in 1933. Because she needed experience to qualify for a job, and Mayville needed a kindergarten teacher and had no money for one, she taught her first year for no pay. Since that time, Mrs. Gustafson has given 24 years of genuine interest and care to the students of Mayville.

And so we say goodbye and thank you to these three ladies who have given so much to MCS. We'll miss you.
